

Savor and Swirl Culinary Event

Culinary excitement awaits you on the high seas!

You will be invited to a Private Culinary session, exclusively for the Signature Collection group. The session will be conducted by one of Holland America Line's talented chefs in the Culinary Arts Center. You will learn to prepare and then sample three Holland America Line appetizers. The appetizer selections will be paired with two varieties of wine – one white and one red.

You will enjoy learning to make savory selections that you can prepare and share with family and friends when returning home from your Holland America Line cruise. What better way to keep your cruise memories alive!

The duration of this event is approximately 45 minutes.
