Signature Travel Network Welcomes 18 New Members

El Segundo, Calif. (December 15, 2020) – Signature Travel Network announces the addition of 18 new agencies to their growing network. All have joined the network since January 2020. In addition, current Signature member agencies have acquired seven new agencies in 2020 from outside of the Signature network.

"I am thrilled to welcome our new members," said Alex Sharpe, president & CEO of Signature. "All 18 share our unique Signature philosophy as well as their own exceptional experiences that will help to drive our organization forward."

"Joining the Signature Travel Network has been nothing short of a breath of fresh air," said Belinda and Michelle Crews, Co-Owners of Elevations Travel. "Signature is the epitome of having one's back and their team is always there to support us. On top of having a true family concept, Signature has the most amazing technology and tools that are on one platform. Everything and anything we may need is at our fingertips, and easy to navigate. "

Signature's member-owned structure enables it to focus on each member's needs with industry-leading marketing, technology, and training options. Keeping their members at the forefront allows Signature to be the most important partner to each of their member agencies.

"Each of our new members embody the qualities that we at Signature are committed to upholding," said Kimberly Waters, vice president of Member Acquisition and Engagement. "We pride ourselves on providing our members with industry-best support as well as tools and benefits that will enhance their client experience and maximize efficiencies for their advisors."

"The Signature team is fantastic - incredibly responsive and their complete focus is on the membership and how best to create, enhance and deliver the Signature and supplier products to the front-line advisors," said Randy Kramer, owner of Stellar Travel. "Having networked with many Signature owners over the years I became very interested in what Signature offered. On top of the important supplier relationships, we were looking for a robust marketing technology platform and Signature has certainly delivered and exceeded our expectations. We also believe the Sig Cruise Pro is going to substantially improve our cruise booking process."
