Kotor Local Highlights Option:

Guests will enjoy a pre-arranged sightseeing itinerary with a Private Car and Guide to explore the following destination highlights.

Highlights of the Bay of Kotor

Surrounded by impressive medieval bulwarks which extend above the town to the fortress of Sveti Ivan, Kotor was under the rule of the Republic of Venice between 1420 and 1797 and the Venetian influence on the architecture is strong.

Wander through the brilliantly preserved medieval Old Town, past the Watchtower and 17th Century Prince's Palace. Admire the 12th Century Romanesque Cathedral of St Tryphon, survivor of numerous coastal earthquakes over the centuries.

Afterward, continue with your guide by car to Perast and visit the Church of Our Lady of the Rocks (Gospa od Skrpjela), a Baroque edifice that was first constructed in 1452 on a man-made islet. According to legend, the islet was created over the centuries by the seamen who, after returning from each successful voyage, laid a rock in the bay. As time passed, the islet gradually emerged from the sea. The church contains 68 magnificent paintings by Tripo Kokolja, a 17th Century artist from Perast. His most important painting, measuring some ten yards long, is "The Death of the Virgin".
